

# MONTEVERDE

## NATIVE ORNAMENTAL PLANTS

*By planting native plants in our gardens we conserve water, provide food and shelter for wildlife, contribute to biodiversity, and save in maintenance costs.*

**Butterfly weed**  
**Viborana**

*Asclepias curassavica*  
Family: Apocynaceae

*Epidendrum radicans*  
Family: Orchidaceae

**Star orchid**  
**Bandera española**

*Ageratum* species  
Family: Asteraceae

**Ageratum**  
**Santalucía**

**Bird's nest**  
**anthurium**

**Tabacón**

*Anthurium salvinii*  
Family: Araceae

*Salvia pteroura*  
Family: Lamiaceae

**Deep purple sage**

*Begonia involucrata*  
Family: Begoniaceae

**Begonia**

*Justicia aurea*  
Family: Acanthaceae

**Golden plume**  
**Pavón amarillo**

*Clusia species*  
Family: Clusiaceae

**Autograph tree**  
**Azahar de monte**

**Spiral ginger**  
**Caña agria**

*Costus species*  
Family: Costaceae

*Calathea crotalifera*  
Family: Marantaceae

**Rattlesnake plant**  
**Bijagua**

*Malvaviscus palmanus*  
Family: Malvaceae  
**Sleeping hibiscus**  
**Amapolita**

*Lantana velutina*  
Family: Verbenaceae

**White lantana**  
**Lantana blanca**

*Stachytarpheta frantzii*  
Family: Verbenaceae

**Stachytarpheta**  
**Rabo de gato**

*Bocconia frutescens*  
Family: Papaveraceae

**Tree celandine**  
**Guacamayo**

*Columnnea species*  
Family: Gesneriaceae

**Goldfish plant**  
**Columnnea**

*Lantana camara*  
Family: Verbenaceae

**Lantana**  
**Cinco negritos**

*Monstera species*  
Family: Araceae

**Swiss cheese plant**  
**Mano de tigre**
